

## EUnited Welcomes Three Industry Leaders as New Members in 2024

Date: 15/01/2024

EUnited starts with exciting news the year 2024, as it is set to expand its reach and influence with the addition of three prominent companies to its membership. Among the new members are WWB Carwash GmbH & Co. KG, Lionsbot, and Dulevo, each contributing unique expertise to EUnited's cleaning and vehicle cleaning sectors.

### 1. WWB Carwash GmbH & Co. KG Joins Vehicle Cleaning Sector:

EUnited proudly welcomes WWB Carwash GmbH & Co. KG to its Vehicle Cleaning sector. Known for The Wap WaschBär® which has been a successful part of the international car wash business for decades. The Wap WaschBär® is considered a pioneer in the car wash market and continually sets new and groundbreaking standards, especially in the commercial self-service vehicle washing sector. The registered trademark is exclusively used by wwb-carwash GmbH & Co. KG, their inclusion promises to enhance collaboration and innovation within the Vehicle Cleaning domain.

### 2. Lionsbot Enters the Cleaning Sector:

Joining EUnited's Cleaning sector is Lionsbot, a recognised leader in giving cleaners superpowers with easy-to-use, powerful and reliable robots and make the world a better, cleaner place. Founded in 2018, Lionsbot is a Singapore-headquartered smart robotics company providing deep technology solutions to the commercial cleaning industry. LionsBot has created a range of autonomous floor-cleaning machines designed and built in Singapore and equipped with LionsOS aligns seamlessly with EUnited's mission to foster excellence and sustainability within the Cleaning sector.

### 3. Dulevo Expands EUnited's Presence into the Cleaning Sector:

EUnited proudly announces that Dulevo is a new member of the Cleaning sector, Dulevo is also a member of our Municipal Equipment Sector, reinforcing the organisation's dedication to advancing cleaning technologies. Timeless quality through passion is the motto of Dulevo International, founded in 1976 in Parma Italy and part of the Fayat Group. They produce innovative, high-quality cleaning solutions for municipalities and all types of private industries, with the utmost attention to environment care. Their products, renowned for their strong reliability and unrivalled sweeping performance, are distributed in 80 countries across the World. Dulevo is poised to bring a wealth of experience and insight to EUnited and its members.

Impact on EUnited:

The addition of WWB Carwash GmbH & Co. KG, Lionsbot, and Dulevo marks a significant stride for EUnited in fostering collaboration, innovation, and knowledge exchange. As the organisation continues to grow, the diverse expertise of these new members is expected to contribute to the collective advancement of the industries represented by EUnited.

Conclusion:

EUnited's expansion with these three industry leaders signifies a new chapter in the organisation's journey, strengthening its position as a hub for collaboration and progress. The collaborative efforts of all members, both existing and new, are poised to drive positive change and innovation across the Vehicle Cleaning and Cleaning sectors.
