

# Successful Inaugural EUnited Technical Days at VDMA in Frankfurt, Germany

Frankfurt, Germany — 6-7 December

EUnited is delighted to share the tremendous success of our inaugural Technical Days at VDMA in Frankfurt. This milestone event proved to be an exceptional platform for collaboration and knowledge-sharing among the esteemed members of the organisation.

On December 6, a series of insightful meetings unfolded, bringing together industry experts and stakeholders. The following groups convened for engaging discussions:

- Green Cleaning Working Group
- Cleaning Technical Committee
- Sweeper Technical Expert Group
- Environmental Committee
- Sustainability Working Group

The day culminated with a delightful dinner at the Indian restaurant Tandoori, providing a relaxed setting for further discussions and relationship-building.

On December 7, the focus shifted to two key topics that are pivotal for the industry's growth:

Machinery Regulation Workshop  
Digital Transformation Committee Kick-off Workshop (focusing on EU digital legislation)

Success and Future Plans:

With over 60 active participants contributing to various events, the feedback received has been overwhelmingly positive. The enthusiastic engagement led to an exciting decision — to make Technical Days a regular feature on the EUnited calendar. This annual event is poised to become a golden opportunity for members to gain a comprehensive overview of technical developments, fostering collaboration and innovation within the community.

These events offer a unique platform for connecting with industry peers, staying abreast of the latest trends, and contributing to shaping the future of the sector. The success of the inaugural Technical Days has set the stage for more fruitful interactions and knowledge exchange in the future.

EUnited would like to extend a heartfelt thank you to all the members who attended and actively participated. It is your enthusiasm and insights that have made these Technical Days a resounding success. The organisation looks forward to building on this momentum in the coming years.

Stay tuned for more updates, mark your calendars for the next EUnited Technical Days — an unmissable opportunity to connect, learn, and shape the future of our industry.
